

MORNING APPEAL

WEDNESDAY.....JUNE 22

Pleaded Guilty.

Charles Vanini, finding that the District Attorney was implacable and intended to fully prosecute his infraction of the law, concluded this morning to plead guilty to the charge of assault and battery. His fine, with costs, amounted to \$78.50, which was paid by his employer, Bill Thompson. How about failure of justice, Mr. Davis?—Tribune.

The above item almost speaks for itself, and only carries out what the APPEAL has always said that justice fails in this county because the District Attorney has no idea of the duties of his office.

Before any trial Vanini wanted to plead guilty and pay his fine but the District Attorney in his anxiety to make a record by winning a case proceeded to trial and lost as usual. Then after it was demonstrated that the District Attorney could not convict he feared to make another attempt and allowed Vanini to pay his fine.

Justice always gets there—when Summerfield don't take a hand in the case.

Women and Gunpowder.

It is rumored here, and the report seems to be well founded, that a Truckee lady took two shots at another Truckee woman last Saturday. The trouble was about a man, who, it seems, was having too good a time with the woman shot at, the one who did the shooting being the wife of the man. The trouble first started in Carson and Virginia during the session of the Grand Lodge of the Knights of Pythias held there recently. The man accompanied another woman on the trip and left the wife home. On their return to Truckee the woman taunted the wife about it and told her that she "had the old man now." The indignant wife asked, "Would you rather have the old man or a dose of lead?" at the same time pulling a revolver and firing two shots. Neither one of them took effect, however. The affair seems to have stirred the Truckee people up considerably, and much indignation is expressed towards the woman who accompanied the erring husband.—Gazette.

A Difference of Opinion.

W. E. Sharon of Virginia City reports that while East recently he met a Pennsylvanian who was on his way home from the Minneapolis Convention. "You people of the West," said the Pennsylvanian, "are wild on the silver question. You want us to pay 100 cents for 70 cents worth of silver." "Pardon me for correcting you," said Mr. Sharon, "but you are mistaken. You charge us 100 cents 30 of which is due to the tariff, for 70 cents worth of iron and you want us to pay you \$1.30 worth of silver for 70 cents worth of iron." The Pennsylvanian changed the subject.

"We condemn the Administration of President Harrison and the action of Eastern Republicans insofar as they have failed to remonetize silver," says the platform of the Nevada Republicans. "Vote for Harrison for President," says the Wall Street organs, some of whose cranks assisted in forming the State platform, "we want the office more than we do free coinage."—Journal.

How any Republican of this State can vote for Harrison after his party in State convention has condemned him, is a mystery to the APPEAL. Yet some men can reconcile their political consciences with almost anything. If representative delegates selected from every county in the State don't know what is best for us, who does?

Chicago is now confident that she will get the coveted five millions from the Federal Government. She pins her faith upon the slender fact that the sub-committee on the affair has reported favorably to the full committee. This is a step, but it is hardly probable that the matter will be dismissed without a long and important debate. In no case should the nation give Chicago five millions. There is no precedent, there is no reason, for any such liberality. Philadelphia received a loan from the Government and repaid it; let Chicago do the same thing.

Monday evening the Nevada Creamery and Commercial Co., shipped over 6,000 pounds of butter and cheese to California.
